

TIPS TO KEEP YOUR ACCOUNT MORE SECURE

REMEMBER!

Check your email for instructions on how to reconnect your mobile device to your school Gmail and ASD Wi-Fi.

PASSWORD REQUIREMENTS

Your password needs to be at least **8 characters** long and include at least **1 number**.

You will have from **February 23 to March 2** to update your password.

CREATE A STRONG PASSWORD

Although not required, it is recommended you create a password that is between 12-14 characters.

Moving forward, portal.alpinedistrict.org will allow you to change your password.

USE A PASSPHRASE OR ACRONYM

Consider a unique, meaningful phrase (NOT a famous quote). Since you will be typing it regularly, you might want to make it a positive thought.

EXAMPLE: iygamac93

Acronym for *If You Give a Mouse a Cookie*

ADDITIONAL TIPS

- **Don't** include any part of your name or any sequential numbers in your password.
- **Don't** share your password with anyone other than your parents.
- **Don't** use the same password for school that you do for other apps or social media.
- **Do** change your password if you're concerned it has been compromised.
- **Do** make your password long for more security.

You may need to delete and reinstall some school apps like Skyward from your phone for them to work with your new password.
