**I have served on the School Community Council at Greenwood Elementary for the past three years. I am very passionate about being involved in the community that I live in and, specifically, being involved in the schools that my children attend. As a member of the SCC I am interested in learning more about what works at AFJHS and what challenges the school faces and what we can do as an organization to alleviate those challenges. I work in the finance industry and understand financials and budgeting. If elected, my main goal will be to make the school better for our kids and teachers.**
