8th Grade SEOP's are coming!

January 3, 2012

You are invited to attend your student's SEOP. The counselors at Vista Heights Middle School will be conducting Student Educational Occupational Plans (SEOP's) with 8th grade students from **January 24th to February 2nd during your student's History class**. This meeting between parent, student, and counselor is a great opportunity to review your student's progress plan for success in middle school and beyond. Experience has shown that parental involvement is very important and we ask that you attend this meeting.

We will meet in the media center for the entire class period. The first 15-20 minutes will be a group SEOP. During that part of the SEOP we will review the high school requirements and other valuable information. After the group SEOP, we will then break up for each student's individual SEOP where you will meet with a counselor or other professional. During the individual SEOP we will go over current grades, career options, other valuable information, and answer any other questions you may have.

Thank you for supporting your child with their SEOP. If you have any questions, please feel free to call or send an email to Janet Leth.
