A Parent/Guardian Guide to Canvas

There is no parent login for Canvas, so if you would like to see what your student is working on, you must log in with their school email and password.

You will then be in that class's "Homepage." From here, you can click on "Modules" to see all assignments, quizzes, and discussions that your student has worked on in class and any future assignment that the teacher has chosen to post. Each teacher's page will look different, but you can always find any work in the "Modules" section.

*Please note that Skyward is still the official grade platform, so your student's grades will always be posted and updated there.

If you have specific questions about any assignments, please contact the teacher directly. Thank you!
