

Meet Hoku: Our New Therapy K9

We are excited to introduce Hoku, a service K9 generously provided by the Orem City Police Department, to our school community. Hoku is a specially trained K9, equipped to support individuals experiencing stress, anxiety, or trauma.

Hoku will be accompanied by her handler, Detective Christensen, a School Resource Officer with the Orem City Police Department. As a therapy K9, Hoku's mission is to offer emotional support and comfort to students, staff, and others who may need it. Her calming presence will help those dealing with heightened emotions, contributing to a safe and supportive school environment.

We are deeply grateful to Detective Christensen and the Orem City Police Department for their partnership in bringing Hoku to our school. We believe her presence will significantly contribute to building a more supportive and resilient school community.

If you would like to support Hoku's program, you can make a donation through the link below:
