Welcome

Review of Norms

Review, approval of minutes (will email those out each month)

Coincidence or Not thought

Teresa McKittrick, a new member cannot attend meetings on Tuesdays, so she declined her position on the council. We will contact the next person who had volunteered during our election process.

Principal's Report: Council members received a copy of, read, and discussed our new Stakeholders report.

Break-out session: Each committee met together and began discussions for goals and purposes, then decided on a Committee Chair.

Public Relations Chair: LaNell Brown
School Culture Chair: Lynette Keele
Academic Development Chair: Kevin Rich

Internet Safety presentation by Ross Childs, Counseling Dept: Mr. Childs demonstrated the program the Counseling Department presents in our classes for Internet Safety. Cyberbullying, sexting, predators, forwarding pictures, online chatting, pornography, etc.

Council suggested that parents be notified when their student will have the presentation in school so they can follow up with discussions at home. Counseling Office will work on that.
