- Student Council
- Student Support Team
- Tech Theater
- The Grand Concert
- Wheel of Fortune

Igniting Discovery & Ensuring Learning

Mountain Ridge has had a great year full of new and exciting challenges. We recently received our school's results for the new SAGE evaluation and are pleased to report excellent outcomes school-wide. Among Junior High schools in the state, our Math students scored #4 and our Science #4. For this past school year, Mountain Ridge received a "B" grade on Utah's PACE reporting system.

SAGE RESULTS

The SAGE test is a state-wide evaluation that measures our students' readiness for college and career. This evaluation measures a student's depth of knowledge in the subjects of Math, English, and Science rather than simply memorized facts. We are pleased to report our students scored among the highest in the state and district.

Trust Lands Report

The State of Utah invests money from the use, leasing, and sale of certain parcels of state land. The interest from these investments is divided between all Utah schools. We are very grateful for these funds and work closely with our School Community Council to ensure they are spent on the areas of greatest academic need. Here is

With the many choices available in education today, we realize how privileged we are to have you choose Mountain Ridge Junior High School for your student's educational experience. Thank you!

information on how this money has been spent.

- Academic Achievement Center
- ZAP (Zeros Aren't Permitted)
- Read 180
- Professional development
- Class size reduction
- Technology for students and teachers
