

Geometry

Extra Credit

1. Do the chapter investigation for the current chapter. You are not required to do the "Extending the Investigation" portion.
2. **The chapter investigation must be done on the form which is available in the classroom.**
3. You should do all work independently. Help from parents/family is acceptable, but you may not work with other students or the teacher.
4. 10 extra credit points will be earned in the assignment category if the investigation is completed correctly. Partial credit will be awarded at the discretion of the teacher.
5. The investigation is due on the day shown on the chapter schedule. It may be turned in early, but not late.
6. **No extra credit will be recorded if there are assignments that are not complete in the current chapter.**
7. Extra credit will not increase the assignment category score above 100%.
