

## Mr. Allphin

I grew up in Spanish Fork and went to the U of U, BYU, and Utah State so he never knows which college to root for. My wife and I have four kids and a cat that I don't really care for. I prefer stuffed animals. I've lived in Lindon and taught at Oak Canyon for 20 years and think it's the best junior high in Utah. When I'm not teaching I love hanging out in the great indoors. I can also recite the alphabet backwards--a skill which has never proven useful.
