I was born and grew up in Las Vegas, Nevada. It was there at a young age that I heard a friend play the violin and knew it was something I needed in my own life. I started playing violin in our public-school system when I was in 6<sup>th</sup> grade and was hooked from then on out. I knew it was what I wanted to do with my life and not only for myself, but to help bring that gift to students as well. I have now been teaching orchestra for 15 years and look forward to many more!
