

Mrs. Ecalono

I've taught at Oak Canyon for 19 years now. I love this school, when I walk in the door for work it feels like I'm walking into my second home. I love junior high students and the kindness and curiosity that they still show. I'm a mother of three very active soccer players. I have all boys, two in college and one is a junior at PGHS. We live in Lindon and love our lives. We all feel as if we live in our dream home and in our dream location. Life is good, but boring-just as we've always wanted it to be.
