

## **Welcome from the 2021-22 Administrative Team**

Hello students!

Welcome to the 2021-22 school year! Whether you are returning to Oak Canyon, a 7th grader, or a brand-new student coming to OC for the first time, we are glad you have joined us. We truly care about each one of you.

Last year, COVID-19 totally changed the way we did school. We are looking forward to keeping the positive things we have learned during the pandemic, but also getting back to a more normal situation. We will follow the guidance given by the state and district, and be ready to adapt as things change, but whatever the next nine months bring, we will provide a safe and healthy learning environment for all of us.

This year you will have more opportunities to explore interests and connect with each other through activities than ever before! And we will be recognizing the Class of the Quarter (7th, 8th, or 9th grade) with some very cool surprises at the end of each quarter. You'll hear all about it at the Welcome Assembly.

All of us here at Oak Canyon care about quality. We are committed to nurturing and protecting our outstanding school culture, and involving you in challenging and effective learning experiences. We promise to give you our best every day, and know that you will do the same.

Proud to be Eagles!!

Ms. Wanamaker, Mr. Murphy, and Mr. Shaw
